April 28 th :	Board of Commissioners Presentation Review & Comment Period
May 12 th :	Board of Commissioners Meeting for Final Master Plan Approval

****PLEASE NOTE THAT COMPLETION OF SITE SURVEY IS WEATHER DEPENDANT.***

- Following approval of the Plan in May, construction documentation to implement components of the Master Plan could begin as early as late-summer.
- Please note that any work related to the stream or wetlands would require special DEP or Environmental Permitting. The DEP approval process can be lengthy and would require additional time than what is noted above for approval.
